ENGLEWOOD, Colo., July 7, 2020 [/PRNewswire/](#) -- Boost Mobile today announced the addition of the LG Tribute Monarch, a next-level addition to LG's Tribute Series, is available starting today online at [BoostMobile.com](https://www.boostmobile.com) for the limited-time price of \$69.99 (retail value: \$109.99). In the coming weeks, consumers who make the switch to Boost Mobile can pick up the LG Tribute Monarch in-store for free. Also coming soon in-store, current Boost customers will be able to save by upgrading to the new smartphone for just \$49.99.

The device boasts dual cameras and a large display perfect for capturing vivid colors and crisp imagery. The expansive 13-megapixel (MP)+Super wide 120-degree rear camera and 5MP front camera are perfect for large group selfies or to snap solo shots with expansive background scenery. The device's dynamic 5.7-inch HD+ FullVision™ Notch Display and 19:9 aspect ratio allow customers to keep memories close and easily toggle between apps on a device that's nearly all screen.

In addition to the essentials, the LG Tribute Monarch comes equipped with a 2,890 mAh battery that makes it easy to stream and create content without worrying about interruptions. The device also features 32GB ROM, 2GB random-access memory RAM and microSD memory up to 32GB.

### **Boost Mobile plans offer customers flexibility, choice and performance**

Boost Mobile's affordable prepaid phone plans allow customers to enjoy all the features of their LG Tribute Monarch and save money.

Boost recently launched its new "\$hrink-It!" plan, which starts at \$45 per month for 15GB and unlimited talk and text. \$hrink-It! reduces customers' monthly rates by \$5 after three on-time payments, and by an additional \$5 after six total on-time payments. In addition to \$hrink-It! and other popular Boost plans, the company recently launched a \$35 per month 10GB plan that also includes unlimited talk and text.

Boost Mobile service plans include mobile hotspot and 99% nationwide coverage with voice roaming. Boost has begun, and will continue, to activate customers with a compatible device onto the new T-Mobile network, where customers will receive a stronger signal, faster speeds and more coverage.
